

THE 13TH INTERNATIONAL ELECTRONIC CIRCUITS EXHIBITION

March 10-12, 2004 in Intex Shanghai & Shanghai Mart, China

SPONSOR

China Printed Circuit Association
Shanghai International Exhibition Center

ORGANIZER

Shanghai YingZhan Business Service Co., Ltd.

SUPPORTERS

China Ministry of Information Industry
China Promotion Council of International Trade,
Shanghai Sub-Council
China Chamber of International Commerce,
Shanghai Chamber of Commerce

CO-ORGANIZERS

China Electronics Component Association
World Electronic Circuits Council
The Institute for Interconnection and Packaging
of Electronic Circuits
Japan Printed Circuit Association
European Institute of Printed Circuits
Germany Printed Circuit Association
Printed Circuit and Interconnection Federation
Circuit Equipment & Materials Association
India Printed Circuit Association
Taiwan Printed Circuit Association, China
Hong Kong Printed Circuit Association, China
Korea Printed Circuit Association

CPCA Piloted by China Information Industry Ministry, China Printed Circuit Association (CPCA) is the only national organization of printed circuit board industry in China. Founded in June 1990, it has 374 members covering the whole process of designing, manufacturing, equipment, material, packaging and environment control of PCB trade. Some R & D organizations, institutes and collages and media are also a part of the members. For a better development of PCB industry in China, CPCA organizes international exhibition and seminar on PCB technology and information; arranges training programs; publishes books and magazines; makes investigation and identification, examination and standardization.

CPCA SHOW is sponsored by CPCA and organized by Shanghai Yingzhan Business Service Co., Ltd. After 12 years of effort, the show has become one of the most influential exhibitions for this trade in the world. With a worldwide warming up of PCB industry, the 13th CPCA SHOW, held in March, 2004, will attract more exhibitors and visitors. The number of attendance is expected to overrun that of last show. Want more business opportunities? CPCA SHOW is your best choice!

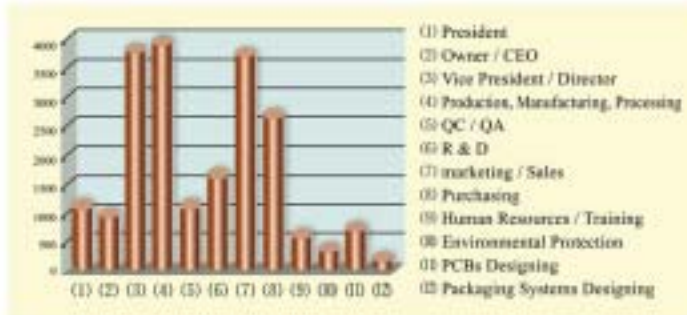

RETROSPECT OF CPCA SHOW 2003

On March 11-13, 2003, the 12th International Electronic Circuits Exhibition was held at Shanghai International Exhibition Center and Shanghaimart. The total space amounted to 18,500 square meters with 423 exhibitors, including leading companies from USA, Japan, British, Italy, France, Germany, Holland, Switzerland, Sweden, Austria, Canada, Luxemburg, Korea, Singapore, Malaysia, Israel and China and its Taiwan and Hong Kong districts. A number of 29,742 people came to visit the show, 89.55% of which are manufacturers and 10.45% are distributors and agents.

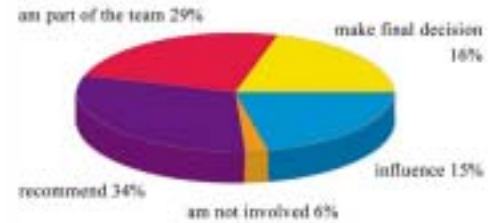

The International PCB Information Technology Forum was held together with the show. Experts home and abroad addressed to people of the same trade. 68 papers were published. Scholars, engineers and professional people gathered to discuss the latest development of technologies and market. 14 seminars were organized at the same time.

In terms of exhibitors, exhibiting space, visitors, and the general comment from the exhibitors, this show has been the best one in CPCA show history.

PREDOMINANCE OF THE SHOW

The first China International Cleanrooms and Industrial Clearing Water Treatment Exhibition will be held together with CPA SHOW. Required for PCB manufacturing process, comprehensive solutions of cleanrooms and clearing water technologies will be provided at the show, serving PCB manufacturers in a better way.

CPA SHOW has got support from WECC members including JPCA, IPC, EFIP, KPCA, IPCA, TPCA and HKPCA.

We have quality Chinese visitors, effective marketing plan and stable public relationships.

Forum and seminars during the show will benefit you greatly with more communication opportunities.

We have close communication and cooperation with professional organizations and main media world wide.

Electronic circuits enterprises are distributed in various high-tech industry parks in Shanghai and its circumjacent provinces. The industry chain, rich human resources and customer group have come into being

EXHIBIT SCOPE

- PCB manufacturing
- PCB technology and design
- PCBs, raw material, and chemical
- PCB equipment and parts
- Testing instruments and machines
- Environment Engineering for PCB industry
- Surface packaging and mounting devices and equipment
- Publications, research institutes, associations, consultants and others.

COST AND FACILITIES

Raw Space Only (minimum 36 sq.m.)

US\$ 298 per m²

Raw space is the best choice for large-scale exhibiting or country pavilion. Characteristic effects can be achieved with proper designing.

Standard Package

US\$ 3200 / 9m²

Exhibitors of standard package will be provided with:

- booth of minimum 9 sq.m.
- carpeting
- fascia
- 1 table
- 2 chairs
- 1 waste-paper basket
- 1 electric socket (220V)
- 2 spot lights (1 more for each 6 sq.m. for booth over 9 sq.m.)

VENUE

- INTEX SHANGHAI (77, Xing Yi Rd. Shanghai China)
- SHANGHAI MART (99, Xing Yi Rd. Shanghai China)

HOTELS

- SHERATON GRAND TAI PING YANG SHANGHAI HOTEL (★★★★★)
- RENAISSANCE YANGTZE SHANGHAI HOTEL (★★★★★)
- GALAXY HOTEL (★★★★★)
- RAINBOW HOTEL (★★★★★)
- YUPING HOTEL (★★★★★)

CONVENIENT TRANSPORTATION

Two airports with international and domestic flights to and from various cities everyday. Shuttle buses to and from Pu Dong International Airport are available. It's only 10-minute drive between Hong Qiao Airport and the exhibiting venue.

20-minute drive to the city center (the People's Square) and Shanghai Railway Station.

More than 20 buses and Shanghai Metro Line No. 2 and No. 3 are accessible nearby.

Fine ports, shipping and logistics centers constitute the whole network for transportation.
